

HEPAZONE NF

HEPAZONE NF SERIES DUST CONTAINMENT CART

The HepaZone NF (No Fan) can be attached to any negative air machine to prevent the spread of dust and hazardous particles in the air during inspection, maintenance and renovation.

KEY FEATURES

- ① Can be attached to any negative air machine
 - ② **EXCLUSIVE** Ratcheting poles with heavy duty steel latches
 - ③ Self-extinguishing vinyl with transparent vinyl upper cabin
 - ④ 25" wide openings at the top to run pipes or conduits into the ceiling
- * The HepaZone NF can be upgraded with our battery-powered HepaNomad fan filter unit, making it fully autonomous and fast to set up

HEPANOMAD UPGRADE (MVH-01)

The HepaZone NF can be upgraded with our innovative HepaNomad air scrubber.

The HepaNomad air scrubber is supplied with one HEPA filter and one prefilter, and is powered by two rechargeable 12V 22Ah batteries. A built-in battery level indicator signals when the batteries need to be recharged. It is also equipped with a 6' hospital grade power cord and can run on standard 120V power.
